Product Information

Description							
Model(s)							
# of Units							
# of Samples							
IP Rating							
IP1X <input type="checkbox"/>	IP2X <input type="checkbox"/>	IP3X <input type="checkbox"/>	IP4X <input type="checkbox"/>	IP5X <input type="checkbox"/>	IP6X <input type="checkbox"/>		
IPX1 <input type="checkbox"/>	IPX2 <input type="checkbox"/>	IPX3 <input type="checkbox"/>	IPX4 <input type="checkbox"/>	IPX5 <input type="checkbox"/>	IPX6 <input type="checkbox"/>	IPX7 <input type="checkbox"/>	IPX8 <input type="checkbox"/>

Additional Information

Dimensions of the sample(s)?	
Weight of the sample(s)?	
Is the interior of the enclosure accessible via hand tools? <small>Note: If the enclosure does not have a reusable seal, prep work may have to be performed during manufacturing.</small>	
What is the relevant International Product standard? <small>Note: All testing is performed in accordance with IEC 60529. Any IP test requirements outlined in the product standard supersedes IEC 60529. If the relevant product standard does not outline test requirements, then IEC 60529 will be used.</small>	
Is the unit a Category 1 enclosure? Only for IP5X. <small>Note: A unit is deemed Category 1 if normal operation causes reductions in the internal pressure relative to the surrounding air.</small>	
Attachments? <small>Note: Drawings, Photographs, Diagrams, are all recommended to help guarantee that all projects are completed ahead of schedule.</small>
